79	1920	Rec'd call fm SF/CIDG Tien Phuoc, requesting extraction of 65 MSF personnel. They were in a rice paddy, had significant contact and sustained approx 22 WHA and 9 KHA, wounded included 2 US SF, loc vic BT123124,
80	1930	LTC Lawrence, G-3, informed SF/CIDG Tien Phuoc, that commitment of helicopters for extraction would require CG approval and suggested breaking contact, moving to a NDP. Indicated that we would send the evac helicopters with gunship escort to evac dead and wounded and would get Spooky on station to assist withdrawal for as long as required. SF indicated MSF was exhausted, had had hvy contact, and could not move out of the area.
81	1940	LTC Lawrence, G-3, informed SF/CIDG Tien Phuoc, that Americal could not send in helicopters to unsecure PZ during darkness for extraction of 65 MSF who were not casualties and were still combat capable. Again suggested setting up PZ for extraction of dead and wounded by Medevac. Indicated Medevac's were on the way with gunship for evac. Indicted Spooky gunship would be on station for support. Again suggested ground movement of MSF to NDP after extraction of wounded. Spooky fire support available to assist withdrawal. Indicated it would be easier, less risky, and more effective to break contact and withdraw 65 MSF under cover of fire and darkness than risk CH-47's for pickup at their location. SF/CIDG acknowledged.
